INR 31+ Crores CAPEX under Health and Safety

'Sword of Honour' awarded by the British Safety Council (BSC) to Rohtak, Visakhapatnam and Mysuru plants

All 8 decorative paints manufacturing plants are Five Star Certified by British Safety Council (BSC)

Product Stewardship

We follow life cycle approach to assess the environmental impacts of our products throughout their entire life cycle. During the year, we conducted independent third-party life cycle assessments (LCAs) for 53 products. These assessments were conducted in accordance with the guidelines stipulated in ISO 14044.

Community Partnerships

Our primary focus areas encompass Health & Hygiene, Water Stewardship, and Skill Development, all of which are integral components of our CSR endeavours. Disaster relief and employee volunteerism are key factors in making a meaningful contribution to society, both at the organizational and personal levels.

Global benchmark in Safety

We prioritise the safety and well-being of our employees and are committed to becoming the global benchmark for safety in coatings. Our Occupational Health and Safety (OHS) approach focuses on prevention, intervention, and collaboration.

Supplier Engagement - Samaveta

We introduced our Supply Chain Sustainability Program 'Samaveta' to institutionalise the establishment of an ESG baseline and maturity while identifying areas for potential collaboration. Under the program, we aim to partner with our suppliers to embed sustainability principles throughout our value chain.
